

REMARKS

Applicants appreciate the Examiner's issuance of the Notice of Allowability.

The above amendment corrects an inconsistency between the drawings and the Brief Description of the Drawings. Specifically, in the the Brief Description of the Drawings "Figs. 6a-b are graphs..." has been amended to "Fig. 6 is a graph..."

The present amendment is believed to be needed for proper disclosure of the invention, and require no substantial amount of additional work on the part of the Office.

Early and favorable consideration of the application is respectfully requested.

Respectfully submitted,
